Finishes

Een tegel kan verschillende afwerkingen hebben, de finish genaamd. Deze zegt waar je de tegel kunt toepassen, welke oppervlaktestructuur deze heeft en wat de uitstraling is.

Informatie

Elke tegelserie bestaat uit een reeks formaten, kleuren en afwerkingen. De 'V' geeft de kleurvariatie tussen de tegels in een doos aan, de 'R' de anti-slipwaarde en 'NR' betekent dat de randen van de tegel niet recht aflopen. De aanduiding MWA of MWP zegt dat er maatwerkmogelijkheden zijn qua afmeting of print.
